

Security Kit Installation Instructions

Congratulations on your purchase of a high quality PUTCO product. Should you need any application or technical assistance feel free to call us at: 1-800-357-9261

Monday-Friday 8:00 a.m. - 5:00 p.m. (Central Standard Time)

Contact your PUTCO dealer for other quality accessories.

Please read all instructions before installation and to check to see that all parts are included.

KIT CONTENTS:	
Description	Qty.
Installation Tool	1
Security Nuts	2

Tools Needed:

- 1/4" Wrench or Socket Wrench

Security Kit Installation

1. Remove parts from packaging. Check to see if all parts from above table are included.
2. Remove vinyl caps and Nylock nuts if already installed (Save for optional step). If light bar has not been installed previously refer to light bar instructions up to this point.
3. Thread on security nuts by hand with tapered end (small side) facing out.
4. Align installation tool with three holes on security nut. Using a 1/4" wrench/socket wrench, tighten nut until light bar can not be rotated easily.
5. Periodically Check tightness and re-torque as necessary
6. **Optional:** Re-install Nylock nuts and vinyl caps

LIMITED LIFETIME WARRANTY

Putco guarantees its Stainless Steel and Aluminum products against defects in workmanship and material for as long as you own your vehicle. All painted products have a 90 day warranty on the painted surface. Any defects resulting from faulty material or workmanship will be warranted by Putco and repaired or replaced at our discretion. Putco assumes no extra labor costs. Damages caused by freight carriers, improper installation, misuse, collision, or neglect will not be warranted by Putco.
